

10<sup>th</sup> January 2020

**Year 11 Progress Evening – Sixth Form area – Thursday 23<sup>rd</sup> January – 4.00pm - 6.30pm**

Year 11 is the most important school year for your child and as they approach the final stage of preparation for their exams, we would like to ensure your child achieves success - by school and home working closely together.

Therefore, we are holding our Progress Evening for Year 11 students and parents/carers in the **Sixth Form area - please use the Newby Road entrance only and sign in on arrival.** Please make every effort to ensure that you and your child attends. The evening is a drop-in and you can attend anytime between 4:00pm - 6:30pm.

This Progress Evening will be your final opportunity, before their mock examinations next half term, and their final examinations that begin in May, to:

- discuss your child's progress so far
- identify clear strategies to improve further
- how you can support them with their home learning

**Before the evening**, please think about the following discussion points for each appointment:

- How is your child's attitude to learning? This can be identified using the S2S scores
- What is their target grade?
- What are they currently predicted for their final grade?
- What can I do to support your child with their home learning?

**Post 16 providers**

Our Head of Sixth Form, Ms. Reynolds will be available to talk to students about further study and the Sixth Form application process.

If you have any questions about A level's, BTEC's and how BSCA can provide you with a pathway to university or a higher apprenticeship, this would be a great time to meet Ms. Reynolds. There will also be representatives from other college providers available to talk to on the evening.

Yours sincerely

J Whittaker
